Specification

1. This decision by the Board affirmed the Examiner on claims 1-50 and reversed the Examiner on claims 51-57. Consequently, Applicant is required to cancel claims 1-50 in response to this Office action in order for this case to be issued.

Oath/Declaration

2. This application presents a claim for subject matter not originally claimed or embraced in the statement of the invention. A new supplemental declaration is required with an updated “no deceptive intent” clause for the changes made subsequent to the last declaration filed on 06/03/02. A supplemental oath or declaration is required under 37 CFR 1.67. The new oath or declaration must properly identify the application of which it is to form a part, preferably by application number and filing date in the body of the oath or declaration. See MPEP §§ 602.01 and 602.02.

Specification

3. This application does not contain an abstract of the disclosure as required by 37 CFR 1.72(b). Applicant’s representative had previously sent an abstract to the Examiner to be entered by Examiner’s amendment but since this case is not in condition for allowance, Applicant may want to officially send an abstract of the disclosure in response to this Office action. An abstract on a separate sheet is required.

Double Patenting

4. There was a double patenting rejection made in the Office action mailed out on 10/24/01. Applicant has asked that the Double patenting rejection be held in abeyance in page 3 of his response to arguments received on 04/24/02. Consequently, a terminal disclaimer is needed to overcome such rejection.

Allowable Subject Matter

5. Claims 51-57 are allowed.

The following is an examiner's statement of reasons for allowance:.

Based on the Board's decision, claims 51-57 are allowed and none of the references, either singularly or in combination, disclose or even suggests that the FocaLink documents fail to show that FocaLink's Smart Banner technology included an advertisement server node that, upon receiving a request for advertising content from a user node, selected an advertiser node based on a number of times advertising content had been previously displayed at the user node.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to RONALD LANEAU whose telephone number is (571)272-6784. The examiner can normally be reached on 8:30 - 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Lewis can be reached on (571) 272-7673. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
